TO WHOMSOEVER IT MAY CONCERN

Intranet Services, Ahmedabad, have done marketing / promotion of our website www.brasschangla.com in various search engines.

We are extremely satisfied with the manner in which they have understood our requirements and implemented the project. Our website is receiving a substantial number of daily hits and has been promoted well.

We are particularly happy with the fact that our website now instantly identified among the top ten searches, **as per our keywords**. This has facilitated our export business greatly and will prove to be advantageous to our future business.

We are fully convinced about the concept of **aggressive marketing over internet** by keywords through "Promotion Professionals" like Intranet Services.

We wish them All Luck and Success for their bright future
