Mr. Hasit Ruparel  
Third Eye Inc.  
805 Shapath II S.G. Road  
Ahmedabad-15.  
Gujarat, India

Dear Hasit,

I want to thank you and your organization for all the improvements that have been made to our web site. You invested the time necessary to understand our company, evaluate our web site and then develop a clear plan to meet our objectives.

You have made Web Site optimization a much easier process to understand and implement. You are always available either by phone or e-mail to answer questions and provide advice. Without your guidance, I do not believe we could have succeeded with our web marketing program.

Although we have only completed the first phase of the optimization we are beginning to see improvement to our search rankings and increased information request activity.

I am looking forward to continued improvements to our web optimizations. I believe we will be developing a long relationship for our Web and Electronic Marketing programs.

Again thank you for all your assistance!!

Sincerely
